

CONSTRUCTION/BUILDING TRADES – (12)

Code	Certification Area	Education	Experience	Additional Requirements/Certification
12-001	Air Conditioning	High School Diploma or Equivalent	2 years of full-time practical experience in air conditioning service and repair	N/A
12-002	Architectural Design	High School Diploma or Equivalent	2 years of full-time practical experience in architectural design	N/A
12-003	Blueprint Reading	High School Diploma or Equivalent	2 years of full-time practical experience in blueprint reading	N/A
12-004	Building Maintenance	High School Diploma or Equivalent	2 years of full-time practical experience in building maintenance	N/A
12-005	Building Manager	High School Diploma or Equivalent	2 years of full-time practical experience as a building manager	N/A
12-006	Carpentry	High School Diploma or Equivalent	2 years of full-time practical experience in carpentry	N/A
12-007	Computer Aided Drafting & Design	High School Diploma or Equivalent	2 years of full-time practical experience in computer aided drafting and design	N/A
12-008	Construction Cost Estimating	High School Diploma or Equivalent	2 years of full-time practical experience in construction cost estimating	N/A
12-009	Construction Equipment Operation	High School Diploma or Equivalent	2 years of full-time practical experience in construction equipment operation	N/A

Code	Certification Area	Education	Experience	Additional Requirements/Certification
12-010	Construction Technology	High School Diploma or Equivalent	2 years of full-time practical experience as a contractor or architect	
12-011	Cooling & Refrigeration	High School Diploma or Equivalent	2 years of full-time practical experience in cooling & refrigeration	
12-012	Custodian	High School Diploma or Equivalent	2 years of full-time practical experience as a custodian	N/A
12-013	Drafting	High School Diploma or Equivalent	2 years of full-time practical experience in drafting	N/A
12-014	Electrical Technology	High School Diploma or Equivalent	2 years of full-time practical experience in electrical technology	N/A
12-015	Heating	High School Diploma or Equivalent	2 years of full-time practical experience in heating installation and repair	N/A
12-016	Heating/Ventilation/Air Conditioning	High School Diploma or Equivalent	2 years of full-time practical experience in HVAC system installation and repair	N/A
12-017	Heavy Equipment Operation	High School Diploma or Equivalent	2 years of full-time practical experience in heavy equipment operation	N/A
12-018	Masonry	High School Diploma or Equivalent	2 years of full-time practical experience in masonry	N/A

Code	Certification Area	Education	Experience	Additional Requirements/Certification
12-019	Plumbing	High School Diploma or Equivalent	2 years of full-time practical experience in plumbing	N/A
12-020	Solar Technology	High School Diploma or Equivalent	2 years of full-time practical experience in solar technology system installation and repair	N/A
12-021	Sprinkler Systems	High School Diploma or Equivalent	2 years of full-time practical experience in sprinkler system installation and repair	N/A
12-022	Welding	High School Diploma or Equivalent	2 years of full-time practical experience in welding	N/A
