Subject: New Field Associate Joins BPSS

Ms. Fiormelissa Johnson joined the BPSS staff on March 24, 2016 as a new field associate in the Manhattan office.

Ms. Johnson comes with a broad background in working with human service and career training programs and is a very welcome new addition to the Education Unit. She assumed the job that Ms. Alicia Hyndman held, prior to vacating the position last November, and will primarily be assigned to schools previously served by Ms. Hyndman. Fiormelissa will be contacting school directors over the next several weeks to introduce herself.

If you have any questions as to whether Ms. Johnson is assigned to your school, please do not hesitate to contact Fiormelissa at (212) 643-4760 or me at (518) 474-3969.

Thank you.
