

In New York State, public TASC Examinees with disabilities may apply for testing accommodations by following the steps below. Examinees in private facilities should work with their Education Supervisors to complete and forward applications for TASC testing accommodations.

1. Select your official TASC test center - Identify an official TASC test center in your community from the directory of official TASC Test Centers on the NYSED website. The Test Center Coordinator will assist you with completion of the application, and the Test Center Coordinator's signature is required for application. If you need assistance to locate an official public TASC Test Center, please call the New York State High School Equivalency Office at 518 474-5906.
2. Complete your application – Visit www.TASCTest.com <http://www.tasctest.com/accommodations-for-disabilities.html> to review directions and download the request form for your disability type.
3. Mail your application - The completed TASC application for accommodations, along with supporting documentation, must be sent to CTB for review and decision. Retain copies of all application materials for your own records. Do NOT send applications for TASC accommodations to The New York State Education Department. Applications received by the New York State Education Department will be returned to the applicant.
