EDUCATION ADVOCACY 2011-2012

Center	EDUCATION ADVOCACY SYSTEM CHANGE OUTCOME
ALBANY - CDCI	Ichabod Crane Central School District changed the transition planning procedures for students with disabilities to regularly provide information on Independent Living Centers, vocational rehabilitation services, and community based services to the students and their parents. Also, CDCI was permitted to routinely conduct a presentation on its services to the faculty during the Professional Staff Development Day.
ALBANY - CDCI	Burnt Hills Ballston Lakes Central School District changed the transition planning procedures for students with disabilities to allow CDCI to regularly participate in the Parent Transition Sessions in order to facilitate a more efficient referral process to Independent Living Center services and community resources.
ALBANY - CDCI	Columbia High School in East Greenbush changed its practices to routinely provide to students with disabilities information on Independent Living Centers, vocational rehabilitation services, the Client Assistance Program, and community based services.
ALBANY - CDCI	Schenectady High School changed its practices to routinely provide to students with disabilities information on Independent Living Centers, vocational rehabilitation services, and community based services.
ALBANY - CDCI	Disability Resource Center at the State University of New York (SUNY) University at Albany changed its practices to permit CDCI to post flyers on all campus bill boards to ensure equal access to services for students with disabilities. The Center's flyers

provide information regarding policies and procedures to request and receive individual assistance and where to attend accessible groups, seminars and workshops.

AMSTERDAM - RCIL

William B. Tecler Arts in Education Magnet School, an elementary school in Amsterdam, changed its practices to regularly include RCIL-Amsterdam's Assistive Technology Informational Flyer in its school newsletters.

AMSTERDAM - RCIL

Amsterdam High School changed its practices to routinely provide to Individualized Education Program (IEP) students and their parents at the beginning of each school year materials about RCIL-Amsterdam's programs and services.

AMSTERDAM - RCIL

Amsterdam High School incorporated a RCIL-Amsterdam developed independent living presentation for training the Special Education staff.

AUBURN - OFI

Port Byron Central School District changed its practices to incorporate in students with disabilities Individualized Education Programs (IEPs) the use of assistive devices as appropriate.

BINGHAMTON - STIC

STIC staff is a member of the Transition Planning Group for the Otsego-Northern Catskills (ONC) Board of Cooperative Education Services (BOCES).

BINGHAMTON - STIC

Vestal Central School District changed its practice of sending children with significant disabilities to the Board of Cooperative Education Services (BOCES) and established an 8:1:1 classroom in the Middle School. An 8:1:1 classroom specifies a special class staffing ratio of no more than eight students per class, one full-time special education teacher, and one full-time paraprofessional to serve students whose management needs are severe and chronic requiring intensive constant supervision, a significant degree of individualized attention, intervention, and intensive behavior management as well as additional adult support.

BINGHAMTON - STIC

Windsor Central School District established a policy to inform every family that is involved with the Committee on Special Education (CSE) process about Medicaid Service Coordination and other services available to them through STIC.

BINGHAMTON - STIC

STIC staff is a member of the Transition Planning Group for the Delaware-Chenango-Madison-Otsego (DCMO) Board of Cooperative Education Services (BOCES).

BINGHAMTON - STIC	STIC was catalyst for the Windsor Central School District, the Handicapped Children's Association in Windsor, and the Windsor Discovery Center to establish a Yoga Train-The-Trainer program for teachers to learn yoga movements and breathing exercises to use with their students with behavioral issues.

Regency Extended Care Center in Yonkers changed its procedures to routinely include material about the NYS Department of Health Nursing Home Transition and Diversion (NHTD) Waiver Program in the information packets that are provided to patients.

COMMERCE ADVOCACY 2011-2012

Center

COMMERCE ADVOCACY SYSTEM CHANGE

ALBANY - CDCI

Albany County Sheriff's Office changed its in-service training plan for officers and first responders to regularly include a disability awareness and sensitivity training conducted by CDCI.

ALBANY - CDCI

Capital District Transportation Authority (CDTA) changed its practices to routinely include CDCI's materials with the Special Transportation Available by Request (STAR) service application as well as to use the Center's materials in their outreach programs.

ALBANY - CDCI

CDCI staff was invited to participate in the Schenectady City Alternative Treatment Court as Peer Bridger/Advocate/Counselor. The Alternative Treatment Court's objective is to improve public safety; to link offenders with community based treatment services in lieu of jail or prison, and to improve the court's ability to identify, help and monitor offenders working in conjunction with other community services.

AMSTERDAM - RCIL

City of Amsterdam Public Safety Building improved access to its parking lot by: removing an island in front of the building that blocked pedestrian traffic, creating two handicapped accessible parking spaces with proper striping and signage, and posting an

access route from the handicapped parking spaces to the building's front entrance.

- AMSTERDAM - RCIL Recovery Sports Grill in Amsterdam changed its practices to have waitresses routinely carry a page magnifier while taking orders to enable low vision customers to more easily read the menu.
- AMSTERDAM - RCIL Montgomery County Department of Social Services in Fonda changed its procedures to routinely provide certified American Sign Language (ASL) interpreters for appointments with deaf or deaf/blind applicants.
- AUBURN - OFI City of Auburn approved additional funding for the installation of a handicapped accessible elevator at the municipal Auburn Parking Garage that was not included in the original contract for repairs to the garage.
- AUBURN - OFI Parker's Grille in Auburn reformatted its online menu to provide improved access for visually impaired customers who use screen readers.
- BATAVIA - ILGR ILGR and its host center Western New York Independent Living (WNYIL) were active in the regional ILC effort that led to the State Legislature approving a 2012-2013 State budget that included language which allows for the reinvestment of Medicaid savings from hospital and nursing home closures or bed decertifications to expand supportive housing and related services to help people with disabilities and the elderly stay in their homes.
- BINGHAMTON - STIC State Legislature approved a 2012-2013 State budget that included language that allows for the reinvestment of Medicaid savings from hospital and nursing home closures or bed-decertifications to expand supportive housing and related services to help people with disabilities and the elderly stay in their homes.
- BINGHAMTON - STIC STIC was active in the statewide ILC effort that led to the passage and signing into law during August 2012 of State legislation that amends the Vehicle and Traffic Law to add that access aisles of handicapped accessible parking spaces have to be at least eight feet wide for both off street parking and parking garages.
- BINGHAMTON - STIC Center was active in the statewide ILC effort that led to the passage and signing into law during June 2012 of State legislation known as the Protection of People with Special Needs Act (Justice Center Bill) that increased the protection of persons in state operated and licensed facilities from abuse, neglect and

mistreatment and established the Justice Center for the Protection of People with Special Needs. The bill includes provisions for independent oversight, additional penalties for abuse, revised and more consistent definitions of neglect and abuse, and an advisory board to monitor progress of the new agency.

BINGHAMTON - STIC Village of Johnson City changed its policy regarding the installation of new electronic water meters from requiring all residents who keep the analog meters being charged extra to allowing persons with seizure disorders to keep the analog meters at no extra charge upon presentation of proof from a medical professional that the electronic meters could potentially cause a seizure.

BINGHAMTON - STIC Johnson City Village Court provided sign language interpreter services to effectively communicate with persons who are deaf or hard of hearing.

BINGHAMTON - STIC North Shore Towers & Village in Binghamton, operated by Binghamton Housing Authority, corrected design changes that were made to the accessible apartments during reconstruction due to flood damage and restored the apartments to the original accessible design. During the initial reconstruction of the accessible apartments, the bathroom doors were moved from the hallway to the bedroom and made access extremely difficult.

BRONX - BILS Bronx Terminal Market, a shopping center at Exterior Street in Bronx, widened the ramp on River Avenue and widened the opening of the opposite entrance on River Avenue to provide better access for wheelchair users.

BRONX - BILS New York City Housing Authority increased the font size of its Application for Public Housing for applicants who are visually impaired.

BRONX - BILS Fair Housing Justice Center on Hanover Square in Manhattan installed a video phone with services provided through Sorenson Video Relay Service (VRS)

BROOKLYN - BCID BCID Director of Advocacy was appointed by the Governor to the Long island Rail Road Commuter Council, which is an advocacy and advisory council to the rail road with geographic representation.

BROOKLYN - BCID Shake Shack restaurant at 407 Fulton Street in Brooklyn placed signage indicating the accessible entrance and released the push

bar activation to make the entrance accessible.

BROOKLYN - BCID

Apartment building at 325 E. 21st Street in Brooklyn amended its building policy to make available an accessible entrance for the apartment of any tenant who is disabled and requires the accommodation.

BROOKLYN - BCID

New York City Council passed legislation #2011/064 that requires the Department of Transportation prior to the implementation of a major transportation project to consult with the police department, the fire department, and the department of small business services and the mayor's office for people with disabilities and to notify any local community boards that this contact took place.

BROOKLYN - BCID

New York City Council passed legislation #2012/021 that requires the Department of Transportation to establish the accessible pedestrian signals program: to identify intersections where accessible pedestrian signals may be installed and install such signals; to annually post on its website a report analyzing the status of the program; and to post on its website the location of all such signals.

BROOKLYN - BCID

Kings County (Brooklyn) Housing Court at 141 Livingston Street in Brooklyn made court dockets available in alternative formats as a result of a formal complaint filed by BCID with the NYS Division of Human Rights.

BROOKLYN - BCID
