Ownership Document Information

Based on the type of ownership you have selected, please find a list of required ownership documents below.

You will be able to upload the ownership documents on the next page. If you are unable to upload these documents in a digital format, a mailing address is provided on the next page.

Please review the list below, as well as the list of additional applications and documents [here](#) that will be required after this application is submitted, but prior to licensure of your school.

While this application can be submitted without attaching the ownership documents, all requirements must be satisfied prior to licensure of the school.

Required Documents

Required documents may vary

Amendments to the Incorporation
The amendments to the incorporation and the filing receipt(s) issued by the New York State Department of State are required to document that the corporation may legitimately operate in New York State. If you have any questions regarding the filing of the certificate of incorporation, you may contact the Department of State at (518) 473-2492.

Certificate of Assumed Name
If the school is applying to operate under a name other than the corporate name they must submit a certificate of assumed name and filing receipt from the New York State Department of State, as well as a letter of consent from the Education Department's Office of Counsel. If you have questions on these requirements, you may contact the Department of State at (518) 473-2492, and the Office of Counsel at (518) 474-8966.

Certificate of Incorporation
Please realize that in order for a corporation to operate as an educational institution in New York State, the certificate of incorporation must specify education in its purpose clause. You are required to submit the complete certificate of incorporation and all amendments, including the filing receipt(s) for the certificate associated with both the incorporation and amendments, as issued by the New York State Department of State. The filing receipt is required to document that the corporation may legitimately operate in New York State. If you have any questions regarding the filing of the certificate of incorporation, you may contact the Department of State at (518) 473-2492.

Commissioner's Consent
Consent from the Education Department's Office of Counsel to verify that the corporation may operate for educational purposes. If you have any questions on obtaining the letter of consent, additional information may be found <http://www.counsel.nysed.gov/consents.html> or you may contact the Office of Counsel at (518) 474-8966.

Filing Receipts
The filing receipt(s) for the certificate of incorporation and all amendments as issued by the New York State Department of State. The filing receipt is required to document that the corporation may legitimately operate in New York State. If you have any questions regarding the filing of the certificate of incorporation, you may contact the Department of State at (518) 473-2492.

Secretary's Certificate
This form can be located at www.acces.nysed.gov/bpss/documents/SecretarysCertificate.pdf. It must be submitted with each initial certificate application for a corporation. The secretary of the corporation must enter the name of the corporation exactly as it appears on the corporation papers. The secretary then must list the name of each shareholder and the number of shares of stock held by each. The secretary then lists the name of each officer of the corporation. Finally, the secretary signs to certify that the information is accurate and affixes the official corporate seal to the document.

Stock Certificate/Stock Ledger
If the proposed school is owned by a corporation, please submit either a copy of the stock ledger or photocopies of all stock certificates issued up to and including the next blank certificate.

School Required Information-Disclaimer

In addition to the school application, you will be required to apply for a director, teacher, agent and curriculum for your school that will meet BPSS approval.

Based on the type of school you have selected, please find a list of required documents below.

You will be able to upload the documents listed below on the next page. If you are unable to upload these documents in a digital format, a mailing address is provided on the next page.

While this application can be submitted without attaching the required documents, all requirements must be satisfied prior to licensure of the school.

Required Documents

Administration

Agent Training and Supervision Manual

You can add the school information to the sample template format and submit.

Attendance Record

Separate attendance register sections must be used for each class/section. Different subject and/or different levels of the same subject cannot be taught in the same classroom at the same time without prior written approval from the Bureau of Proprietary School Supervision.

Candidate school student disclosure

As a candidate school, the school facilities, teachers, and programs have not been approved by Bureau of Proprietary School Supervision, and are not under the Bureau's jurisdiction during the candidacy period. The school, upon being granted candidate status, is required to provide a disclosure to all students. That required disclosure, only needs the school information added.

Catalog

The catalog is a published document that describes all aspects of the institution including the courses offered, rules and regulations of the institution, graduation requirements, etc. Each prospective and enrolled student must receive a copy of the catalog, and it must be published in the principle language used in the sales presentation to the student.

Counseling Plan (Ability to Benefit, if Applicable)

The counseling plan is a detailed description of the programs, remediation, and institutional support available for students at the institution, particularly those who have not completed a high school education or its equivalent. NOTE: The counseling plan is not required if the institution limits enrollment to students with a high school diploma or equivalent.

Documentation of a LPCS teacher

The school must have and identify an approved BPSS teacher prior to licensure. If the teacher already holds a BPSS teacher permit/license, upload a copy here and any applicable documentation required for the course(s) or curriculum(s) to be taught (current RN licenses, certification, ext.). If the teacher does not yet hold a BPSS permit/license, have the applicant apply, then print the receipt of payment and upload the receipt here with the applicant's information.

Leave of Absence Forms

Prototypes may use as a sample.

Master Teacher/Class Schedule Form

Each school should always have a schedule of which teachers are scheduled for the week, as well as each room being utilized. This schedule helps to add organization to the school structure. Please complete as appropriate for your school and submit.

Miscellaneous

Supporting documentation as needed.

Program Completion Certificate or Diploma

A Certificate of Completion is to be awarded to each student completing a course or curriculum. It is to reflect the name and address of the institution, the student's name, the course/curriculum, number of hours, and the date of completion. The Certificate must be signed by the licensed Director and a school seal is required. The official school seal will ensure that the certificate cannot be duplicated without consent. Copies of the certificate of completion are to be kept in the student's academic file. The certificate of completion is critical in assisting students upon school closure.

Receipts From Students

The receipt form for students is a receipt given to students to acknowledge payment of any fees to the institution.

Refund Calculation Form

The refund calculation form is a calculation sheet used

Refund Policy Guidelines

These guidelines are designed to facilitate an understanding of the refund policies set forth in the Amendments to Education Law Section 5002 passed in July 1990. On November 15, 1990 the Board of Regents approved final regulations defining an instructional week, quarter, and term.

Student Disclosure Pamphlet (Student Rights)

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights with regard to filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Student Transcript

A transcript is the final document listing the courses, grades, and final average as well as other permanent student record requirements set forth in Section 126.11(b) of Commissioner's Regulations. Important information for future employment or continuing education is contained on the transcript. A final transcript is expected to be maintained in the student's academic file and is critical for student assistance when a school closes.

Teacher Evaluation Form

An evaluation of each instructor is to be done on a regular basis, both announced and unannounced, but no less than once a year. It is an opportunity for the director to become acquainted with the teacher's instructional style and abilities. It may result in suggestions for improvement, as well as commendations for specific strengths. It is also an opportunity for the instructor to provide feedback on the evaluation and to develop dialog between the director and the instructor. An awareness of the quality of instruction in your institution may assist in preventing problems in the classroom.

Financials

12-month projected operating statement (using appropriate income formula)

A projected operating statement including projected profit and loss for the school for a 12-month period using the following formula: Number of anticipated students X average tuition per student = anticipated gross tuition income. Next subtract all anticipated expenses and student refunds (show all calculations) to show anticipated net income/net loss.

Balance Sheet

Signed and attested to within 30 days of application, NOT A PROJECTION. A balance sheet is a financial statement that shows the business worth, including assets, liabilities and net worth (owner's equity).

Listing of all owners' bank accounts

A statement indicating the location and type of all bank accounts held by the corporate owner or partners in their official capacity.

Miscellaneous

Supporting financial documentation as needed.

Click on name of document
The form will open in another window, save to
your computer or print.

Provide documentation of financial viability

To obtain candidate school status, the school must demonstrate financial viability through means deemed appropriate by the commissioner. Such means may include submitting an audited financial statement based on the most recently completed fiscal year; securing and maintaining a performance bond, payable to the commissioner, in an amount appropriate to eliminate any liability to the tuition reimbursement account in the event the school ceases operation; limiting the collection of tuition funds until each student completes the program of study; or other means acceptable to the commissioner.

Quarters

Certificate of Occupancy

A Certificate of Occupancy is issued by local municipalities to verify that local building codes have been met and the building is suitable for occupancy. It further states the purpose for which the quarters are to be used (i.e., commercial, residential, factory, school, etc.). The premises in which instruction will be offered must be approved for use as a school by the municipality in which the school will be conducting business. Once the premises are approved, a Certificate of Occupancy will be issued listing the school quarters as approved for instructional purposes. Only that area used for the school needs to be approved for instructional purposes. Therefore, Certificates of Occupancy for multi-floor buildings often will list only the floor that the school occupies as approved for instructional purposes. This is acceptable.

Department of Health Approval (if applicable)

Schools outside New York City should check with their local Department of Health whether they are required to have an inspection and be prepared to provide a letter of approval with the quarters application. The premises in which instruction will be offered must be approved for occupancy by the health authority of the municipality in which the school will operate. The address listed on the approval must be the same address as the one listed on the quarters application.

Fire Inspection (If in NYC, fire inspection will be requested by the Bureau)

The premises in which instruction will be offered must be approved for occupancy by the fire authority of the municipality in which the school will operate. If the school is or will be located in one of the boroughs of New York City, the Bureau of Proprietary School Supervision will arrange for the fire inspection once the quarters application for Approval, the floor plans, and the Certificate of Occupancy are received. The address listed on the approval must be the same address as the one listed on the quarters application. Schools outside New York City must arrange with their local municipality for the inspection and forward the letter of approval with the quarters application.

Floor Plan

Floor plans must be drawn to scale and the scale must be indicated on the drawing. Each room must be assigned a number and the proposed use of the room must be indicated, for example, "classroom," "shop," "computer lab," etc. The floor plans must show: 1. Dimensions of each room or unit of space; 2. Entrances and exits, stairways, corridors, fire escapes; 3. Windows; 4. Student stations, fixed equipment and machines, furniture including student desks and chairs; 5. Utilities - electrical outlets, sinks, etc.
