TEACHER EVALUATION

An evaluation of each instructor is to be done on a regular basis, both announced and unannounced, but no less than once a year. It is an opportunity for the director to become acquainted with the teacher's instructional style and abilities. It may result in suggestions for improvement, as well as commendations for specific strengths. It is also an opportunity for the instructor to provide feedback on the evaluation and to develop dialog between the director and the instructor. An awareness of the quality of instruction in your institution may assist in preventing problems in the classroom.
